

POLITICAL ACTIVITY RESOURCE GUIDE

DID YOU KNOW?

The political activity rules have changed and many (but not all) City employees and officers are now able to **volunteer** on campaigns for **non-local** elections.

The Board of Ethics has compiled several resources that we encourage you to check out! To access, click on the highlighted text below.

- The **Charter Alert** provides critical information on which campaigns are considered local as well as FAQs.
- The **Group Handout** categorizes City employees and officers into 4 groups and highlights which key political activity rules apply to each group.
- The **Amended Regulation** (effective 9.7.2020) clarifies the Charter change and contains new examples. In addition, our comprehensive **Reg 8 blog** details the amendment process, historical context on political activity in Philadelphia, and much more.

Finally, we are currently offering bi-monthly, 30-minute **virtual information sessions** through the end of October 2020. Please click **HERE** to register.

We are (virtually) here for you.
