**Statement from Philadelphia International Airport CEO Chellie Cameron
and Airport Advisory Board Chairman Hal Yoh on the Passing of
Airport Advisory Board Member Ahmeenah Young**

“We are saddened to learn of the passing of Airport Advisory Board member and civic leader Ahmeenah Young, who died on Friday, June 2. Her vision and passion to open doors for disadvantaged businesses made success possible for many Philadelphians. She recognized how important tourism is to our regional economy and she made sure every business had a chance to participate. We will miss her counsel.”
